

... Real Choice

“Being Carded Never Felt So Good.”

Many of the new Medicare Drug Discount Cards use the tools and experience of America’s Pharmacy Benefit Managers (PBMs) to offer real quality, choice, convenience and savings on prescription medicines for Medicare seniors.

- ▼ PBM-administered cards provide broad access to prescription medicines.
- ▼ PBMs offer access to the vast majority of America’s retail pharmacies.
- ▼ Seniors -- especially those with complex, chronic diseases – can receive their medicines safely through home delivery.

Medicare Drug Discount Cards. Coming June 1.
